

MEETING ANNOUNCEMENT  
UPDATE ON THE WASHINGTON STATE SHELLFISH INITIATIVE  
APRIL 20, 2012  
CENTER FOR URBAN WATERS  
COMMENCEMENT BAY ROOM ( 1<sup>ST</sup> FLOOR)  
326 EAST D STREET, TACOMA  
10 A.M.- NOON

On behalf of the organizations playing a lead role in the implementation of the Washington State Shellfish Initiative, we are convening a meeting of the individuals and organizations that helped shape the initiative to provide an update on progress and talk about its future.

The agenda will include an update on the components of the initiative work plan, progress in each of the key areas, and approaches for tracking our progress and ongoing communication. An agenda and materials will be sent out the 2<sup>nd</sup> week of April.

Consistent with the Governor's direction, the Puget Sound Partnership was asked to help manage arrangements for this meeting. The Partnership has also agreed to help develop and maintain a performance tracking system for monitoring implementation of the various tasks in the work plan. This will be one of the items discussed at the meeting. The Partnership has also created a web page on its web site to host information about the Initiative. <http://www.psp.wa.gov/shellfish>

Please let us know if you will be attending in person or by telephone. We will be setting up a conference call line.
