

South Sound

Salmon Recovery Planning Area

The South Sound Planning Team is also conducting Nearshore Marine Planning in WRIs 10 through 14

Land Ownership		Land Cover - Land Use			
	Federal Lands		Commercial & Residential Uses		Interstate Highways
	State Conservation Lands		Agricultural Uses		State & US Highways
	State Trust Forest Lands		Disturbed Lands		Secondary Roads
	County & Municipal Lands		Freshwater Wetlands		County Boundaries
	Private Conservation Lands		Undeveloped Uplands		Rivers, Lakes, Streams and Estuaries

Land ownership data has been overlaid on land cover / land use data to provide a useful context to communicate relative protection. Land cover / land use classification was derived from the USGS National Land Cover Database (1992). Land ownership in Thurston and Lewis Counties was derived from the Washington Protected Lands Database (2003). Land ownership in Mason County was derived from WA DNR data layers and may not include all county, municipal and private conservation lands.
